

PRESS RELEASE

WE DO IT GREEN STYLE!

STABILO Promotion Products GmbH | Heroldsberg, 26 February 2020

The STABILO GREENstyle ballpoint pen scores points with its recycled materials and modern look. As a sustainable promotional product, this push-button ballpoint pen will impress environmentally conscious target groups and guarantee that you will be advertising with a green conscience.

The STABILO GREENstyle push-button ballpoint pen is made of **81% recycled plastic**. The extra-wide push button and tried-and-tested X-20 refill make writing very comfortable. Thanks to its sustainable material and stylish design, this ballpoint pen credibly delivers green promotional messages and is particularly suited for promotions targeted at groups that are conscious of quality and the environment. This recycled pen provides plenty of space for customised advertising on the shaft and clip. Its light-grey shaft can be combined with a unicolor top in one of four trendy colors: blue, green, purple or black. For orders upwards of 5,000 pieces, all of the components of the STABILO GREENstyle are available in your company's color of choice.

STABILO GREENstyle – advertise with a green conscience.
